

MADVERSE.AI

AI TRAINING · KOLKATA

Free 3-Hour AI Training

For schools and companies — online or on-site

One live session, 2 to 3 hours, completely free. No payment, no card details, no commitment. Hands-on throughout — every attendee follows along on their own device and finishes having actually built something.

WHAT'S COVERED

- ChatGPT and Claude — writing, research, problem-solving
- Gemini — Google-integrated workflows
- NotebookLM — documents into study guides and audio
- Perplexity — source-backed research you can cite

YOU ARRANGE

- On-site: a room, projector or screen, Wi-Fi
- One laptop or phone per person, or per pair
- Online: a Zoom or Google Meet link
- No paid software — every tool has a free tier

WHO IT'S FOR

- Schools — students and teaching staff
- Colleges and coaching institutes
- Companies — any team, any department
- No coding background needed by anyone

YOU GET

- A live, hands-on 2-3 hour session
- Participation certificate for every attendee
- Certificates co-branded with your name and logo
- Something real built during the session

Optional: the 7-Day Complete Program

₹4,999 one-time

8 chapters plus a bonus toolkit: prompt engineering, work automation, AI agents, no-code websites, content systems, presentation design, a personal AI assistant and deep research. Entirely optional — the free session stands on its own.

HOW IT WORKS

1. Enquire

Send your group size and preferred format.

2. We confirm

A date is agreed around your timetable.

3. Session runs

2-3 hours live, then certificates issued.
